

# Diaper Fold Gift Pouch

Square Double-sided print paper

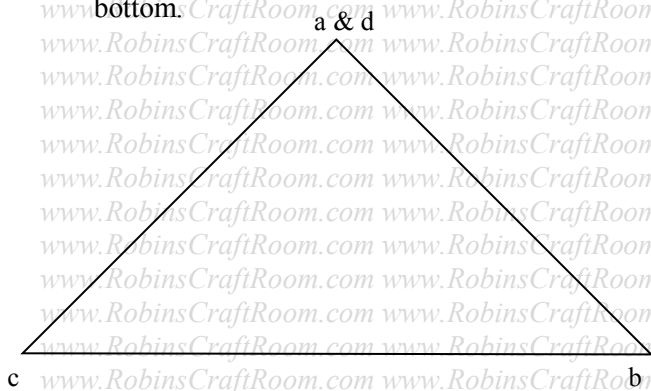

A 7-1/2" square, folded, will hold a 3" x 3" note card and will fit in a regular sized greeting card envelope.

Different sizes may be used for different kinds of inserts or gifts.

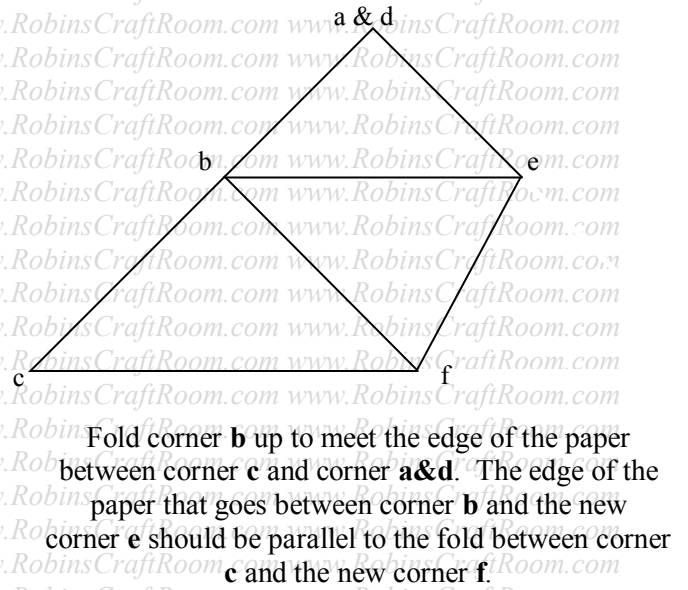

Fold corner d up to meet corner a to form a triangle.

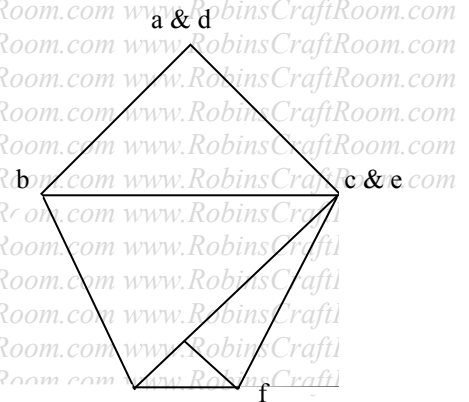

Turn the paper so that the line c—b is on the bottom.

Fold corner d down creating the front of the folded pouch.

Fold corner b up to meet the edge of the paper between corner c and corner a&d. The edge of the paper that goes between corner b and the new corner e should be parallel to the fold between corner c and the new corner f.

Fold corner c up to corner e
