## Instructions

1. Cut 3 large swirly circles and 2 small swirly circles using the Swirly Scribbles Thinlits and the large piece of Pumpkin Pie Cardstock. Save one of the center pieces of one large swirly circle for later use.
2. Using Multipurpose Liquid Glue, adhere these 5 die-cut "pumpkins" to the bottom of the piece of Basic Black Cardstock, with the 3 large pumpkins in the center and the two smaller pumpkins near the left and right edge. (*Just tap the glue lightly all along the cardstock so that only small amounts of glue are applied. This applies to all the steps that use the liquid glue.*)
3. Cut 2 long swirly line shapes, 3 large leaf shapes, and 2 small leaf shapes using the Swirly Scribbles Thinlits and the large piece of Basic Gray Cardstock.
4. Using the Multipurpose Liquid Glue, adhere the swirly line shapes to the top of the Basic Black Cardstock. Align the sides with 4 ends to the right and left sides of the Basic Black Cardstock, with the sides with 3 ends coming close together in the middle. To align them symmetrically, you will have to flip one of the swirly line die-cut pieces to the back.
5. Stamp "Happy Halloween" to the center piece from one of the large swirly circles. Using SNAIL Adhesive, adhere this over the space between the two swirly lines.
6. Using Mini Glue Dots, adhere the leaves to the swirly pumpkin shapes, with 1 small and 1 large on each of the large pumpkins and 1 small leaf on each of the small pumpkins.
7. Make the three photo frames by adhering the Basic Gray Cardstock pieces to the Pumpkin Pie Cardstock pieces using SNAIL Adhesive: 3-3/4" x 4-3/5" pieces onto the 4" x 5" pieces; 3-3/4" x 3-3/4" piece to the 4" x 4" piece.
8. Using SNAIL Adhesive, adhere to the large photo frames with the outside corners about 3-3/4" from the top edge of the Basic Black Cardstock and the inside corners about 2-1/4" from the top of the Basic Black Cardstock.
9. Using SNAIL Adhesive, adhere the square photo frame to the Basic Black Cardstock, centered right to left and placed just above the top of the middle pumpkin.
