

Square Double-sided print paper  
A 6" square, folded, will make a nice bookmark for most books.

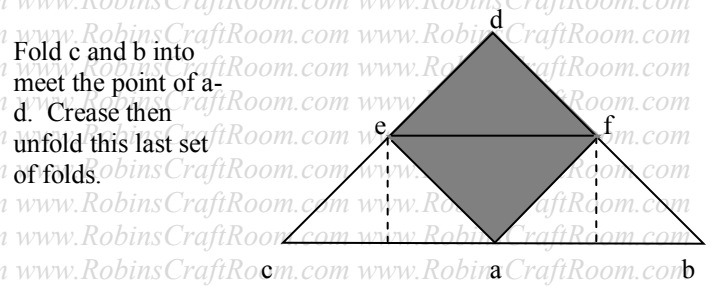

Fold corner **d** up to meet corner **a** to form a triangle.

Turn the paper so that the line **c—b** is on the bottom.

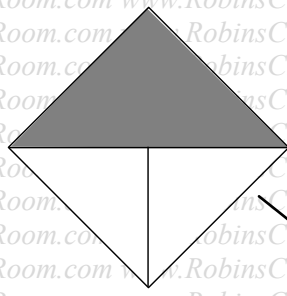

Fold the front of point **a-d** down to meet the fold between **c** and **b**. This creates a new fold from **e** to **f**.

Fold **c** and **b** into meet the point of **a-d**. Crease then unfold this last set of folds.

Now the last—and trickiest part—of this folded bookmark!  
Fold **c** and **b** up to meet **d**. Then tuck **c** and **b** into the inside of the card formed by the fold **e-f**.

Your bookmark is done and ready to mark your place in your favorite book.  
Find papers or magazine pictures that match the theme of the book you're reading for a perfect fit!

And you can decorate either the front or the back of the bookmark!  
Your choice.
