- a. Stamp the Confetti White paper as follows (use stamp pad or marker as you prefer:
- Stamp #5 with the Cat and "Witching You..." stamps. (Long side of CS on top)
  - Stamp #6 with just the hanging spider from "...a haunting Halloween!" (Short side on top) This stamp should be at the absolute top of the card, and in the exact center (left to right). I marked the spot at the top of the card with a light pencil mark.
  - Stamp #6 with the Cauldron stamp just below the spider, centered from left to right (Short side on top)
  - Stamp #7 with the full "...a haunting Halloween!", very close to the top of the card. (Short side on top)
- b. Color in the Cat and Cauldron stamps as much or as little as you wish.
- c. Assemble the stamped images and card/paper as follows"
- (i) tape/glue #5 (card with cat) onto Halloween paper; tape this set onto #4 (black)

- (ii) tape/glue #6 onto #1. Using 1/8" punch, punch a hole at the top of the this set at the point where the spider is hanging. Fold the ribbon in half. Using the black brad, push the brad through the ribbon and then through the punched hole. Finish by folding the brad points down.
  - (iii) tape/glue #7 onto #3
  - (iv) apply Sticky Strip to the bottom back of (iii) and adhere (iii) to (ii) at the bottom, centered left to right
- d. Assembling the card.
- Fold Card stock #2 in half so that you have a 5-1/2" x 4-1/4" card, folded on a short edge. The open short edge is the top of the card.
  - Using the circle punch, punch a half circle through both thicknesses on the open short edge, with the punch centered left to right.
  - Background stamp the star stamp all over the front of the card.
  - With the card opened out, turn over to work on the inside. On the back of the front of the card, measure up 2-3/8" up from the fold and mark with a pencil (this will not show at all, so don't be bashful with the marking). Draw a 3" line parallel to the fold at the 2-3/8" mark, measure to make sure that the line is centered left to right. Cut on this line using a knife or scissors.
  - Position the grouping from (iv) inside the card, slipping the front group (iii—with "...a haunting Halloween" on it) through the slit so that it is on the front of the card.
  - Adhere the front to the back of the card on the sides only using mono tape or Stick Strip. If you use mono tape, it's still a good idea to use Sticky Strip on the top 1" of either side for better staying power.
  - Before doing this last step, pull the pop up pieces up. Using Sticky Strip and ONLY ON THE SIDES, adhere (i) to the front of the card, about 7/8" up from the bottom and centered left to right on the card, making sure that the spider hanging from the "...a haunting Halloween" shows just above (i)
