

Snip & Tuck Card Layout

Not an original design concept. Instructions by Robin Messenheimer

- Cut a piece of card stock 11" w x 4-1/4" h and fold to make a card that is 5-1/2" w x 4-1/4" h.
- Open the card to the inside.
- Mark a point 2-1/8" up from the bottom and 2" in from the left. Cut from the lower left corner to the dot (red line).
- Mark a point 2-1/8" down from the top and 2" in from the right. Cut from the upper right corner to the dot (red line).
- Fold the card and tuck the outside of the front through the slit on the inside of the back.

Tuck the area above front slit behind the area below the back slit.
