

To make the wreaths, you need the Scallop Circle Punch and the 1" Circle Punch.

First, punch a hole in card stock (I used Garden Green) with the 1" circle.

Second, punch the paper with the Scallop Circle Punch, placed so that it surrounds the punched 1" circle evenly.

I decorated these wreaths with Fire Ice Rhinestone Brads. I snipped the "legs" off of the brads and affixed them to the wreaths with Mini Glue Dots (with these brads, I usually use two glue dots on the back of each brad). The bows are Very Vanilla 1/4" Grosgrain Ribbon, affixed with Mini Glue Dots.

- The Designer Series Paper is from the Merry Moments set, and is cut 5" wide x 3-3/4" tall.
- The Garden Green layer is cut 5-1/4" wide x 4" tall
- It's all mounted on a Very Vanilla card folded to make it 5-1/2" wide x 4-1/4" tall.
